Sustainability Facility Professional Credential

I am sure you have all read about the SFP credential by now. If not please visit the IFMA web site to learn all the details. Perhaps someone you know has already earned their SFP or you know someone else who is studying for theirs. If you are interested in gaining the SFP yourself, IFMA is offering a great opportunity for one of our Chapter members.

If you are willing to be the Chapters SFP Champ you will receive a 50% discount on the training package. This is a saving of up to \$897.50. What's the catch? If you agree to be the Chapters SFP Champ you are required to:

- Become knowledgeable of the program so that you can educate others. IFMA will present a webinar to bring all Champs up to speed.
- Solicit quotes and testimonials from current and past SFP trainees and forward them to IFMA for use in SFP promotional pieces.
- Lead a brief presentation at a Chapter meeting outlining the specifics of the SFP credential.

If you want to learn more about this great opportunity contact Jerry Ludke, at ijkludke@msn.com

Sustainability Facility Professional™

IFMA's SFP™ is an assessment-based certificate program delivering a specialty credential in sustainability. By earning your SFP credential, you will develop and gain recognition for your expertise in sustainable FM practices while impacting your organization's economic, environmental and social bottom lines.

Member Spotlight

Name: Clint Christianson, CFM

What do you gain by being an IFMA member?

Networking within the Colorado Springs and Pueblo FM community. Latest information and knowledge regarding FM topics that are keynotes at the monthly luncheons. OSHA recently was a very good topic of discussion. Additionally, being able to contact peers to share or capture information that assist in our day to day operations/adventures.

Tell us who you work for and a little about your job.

Commercial office property manager. 1.6Msf of owned properties that include NNN to full service leases. Tenant base included primarily Government or Government affiliated contractors.

What do you like most about your job?

The people I work with.....COPT employees and tenants. I also like the fact that it's like running my own business. Live or die by the sword. A piece of the action in many areas to include financial, customer service, legal, and operations.

What is the most interesting thing you have had the opportunity to do in your lifetime?

Raising children (still in the act), travel abroad, develop and implement a maintenance management system across a national footprint, merge facilities services between two large companies....twice.

Pikes Peak Chapter of IFMA Holiday Social

The holiday social was a great success. The murder mystery dinner was fantastic. Jerry's table were the super sleuths of our group correctly answering who did it! Thank you to all who attended as well as everyone who helped make this event such a success!

A special Murder Mystery Dinner presented by the Red Heron Group.

Colorado Facility Awards of Excellence

COFAX

Call for Submissions

The Pikes Peak Chapter is once again launching our campaign for COFAX (Colorado Facilities Awards of Excellence). This is the **10th** annual event to showcase your projects and award excellence in Facilities Management in Colorado.

It may seem like March 16th is still a long way off, but it just around the corner! Don't be left out of this year's awards because you ran out of time. Go to www.ifma-pikespeak.org/cofax now to download your submission packet. Submitting your project is easy and if you submit your project before February 29th, your fee is only \$25.

Consider any project you or one of your clients has completed recently that has been beneficial to their organization. There are many categories to choose from. Awards will be presented in the following categories:

- **Environmental Impact/Resource Conservation** □ Construction, renovation or operational project to reduce negative impact on the environment and/or conserve resources.
- **Adaptive Re-Use** □ A significant design change that successfully converts a space to a current need (i.e. re-use, different use, or new purpose).
- **Leading Edge Elements** □ An installation utilizing and integrating technologies and innovative concepts that significantly enhance the mission of the organization (i.e. CAFM, BAS, Lighting Controls, Security, etc).
- **Best Facilities Practice** - A significant design change or operational improvement that supports the mission of the organization and/or significantly reduces operational expenses.
- **Great Building Solution** □ A change that solves a significant problem or improves the building's use to support the mission of the organization (i.e. electrical, roofing, mechanical, landscaping, etc).
- **Exceptional Existing Building** □ (Certificate of Occupancy before 1/2009) □ A facility that, after a period of time and use, continues to be an example of exceptional design and/or operation. A pattern of continual improvements to meet the organizational needs
- **Exceptional New Building** □ (Certificate of Occupancy after 1/2009) □ A facility that exceeds in design and includes leading edge technology and operational features

Entries may be submitted for any Colorado project and applicants need not be IFMA members. Entries may be submitted by any member of the project team (owner, architect, contractor, interior designer, vendor, etc.) or as a collaborative effort. There have been many great projects completed over the last couple of years in Colorado that deserve recognition, this time it could be yours! Entry submissions will be due by March 16th with the winners being announced at the awards dinner held April 28, 2012 at the Broadmoor.

Please go to www.ifma-pikespeak.org/cofax for more details.
